

TEAM THEATRE

Improving Team Performance

What is

Team-Theatre is a vocational training tool useful to create an highly effective **Team-Building** and to achieve very interactive and funny Convention and Meetings.

The goal

The creation of an actual theatre show which will become a strong energy and creativity catalyst. This format is an important factor in any environment, its focus is to specialize in bringing out the best in a team to ensure self development, positive communication, leadership skills and the ability to work closely together as a team to problem solve.

In addition, the staging step, develops group members and their ability to work together effectively, stimulating the group creativity.

How

Participants will be divided into groups and coordinated by our “FormAttori”.

After an initial training step, a group bonding session, with fun theatrical exercises and activities to get to know team members, they'll write down actual screenplays which will be staged by themselves.

The screenplay topics will have the goal to compare and analyse their day-by-day activities and experiences.

The final 'staging' goal is very useful to allows

participants to get involved and to experience different aspects of themselves, their emotions, and to discover new personal potentialities and skills.

Useful to

- Develop team-building
- Making the workplace more enjoyable
- Motivating a team
- Getting to know each other
- Improving communication
- Knowing and recognizing one's own body language
- Improving team productivity
- Practicing effective collaboration with team members
- Improving the problem solving skills

We use the Theatre tool, setting up a real stage with lights and theatrical scenes, because we strongly want everyone try and feel the thrill of entering the stage!

This feedback emotion is very positive and allows people fully express themselves, learning to risk, getting themselves involved firsthand, really playing the game.

It's possible to realize the "Team Theatre" in Italian, English, French and Spanish language.
